Theme of the Month: “Under The Sea”

Classroom News

Dear Parents,

The children really enjoyed our last month theme: “People who help us & Transportation.” They loved playing in our role-play area and dressing-up. We also really enjoyed our “Earth Day” celebrations.

This month our Nursery theme will be “Under the Sea.” The children will learn to name and recognize different sea creatures. They will finger paint the ocean to prepare the layout for a colorful array of fish and other creatures. They will create their fish and sea life by using a variety of art materials including paint, foil, paper plates, crape paper etc. They will count shells and explore water activities.

We believe this will be interesting and fulfilled learning activities for all our children.
